UTILITIES POLICY

January, April, July, October 1994

Access pricing in competitve postal services *Chris Nicholson* **4**(3) 199–204
Access pricing in network utilities in theory and practice *Martin Cave* and *Chris Doyle* **4**(3) 181–189
Access pricing in the railway system *John Dodgson* **4**(3) 205–213
An analysis of electricity contract prices to industrial consumers in the United Kingdom *Nigel Lucas* and *Peter Taylor* **4**(4) 309–313
Assessment of the uncertainty in future UK electricity investment using an industry simulation model *Derek W Bunn* and *Erik R Larsen* **4**(3) 229–236
Cherry picking and social dumping: utilities in the 1990s *Stephen Graham* and *Simon Marvin* **4(2)** 113–119
Coal gasification in a deintegrated electricity industry *Edward Kahn* and *Steven Stoft* **4**(1) 46–54
Criticisms of the UK system of regulation and proposals for reform *John Surrey* **4**(2) 101–104
Deregulating public utilities: an analysis of the electricity industry in Nigeria *Akin Iwayemi* **4**(1) 55–64
Discussant: Comments on the paper by F Dale Orr and Bernard J Lefebvre *William H Melody* **4**(1) 31–32
Discussant: Comments on the paper by Nancy Kete *Warren J Samuels* **4**(1) 19–20
DSM opportunities for India: a case study *Ellen Rubinstein, Ahmad Faruqui, Greg Wikler* and *Susan Shaffer* **4**(4) 285–301
Economics and utility energy-efficiency programmes: energy-efficient manufactured housing *Allen D Lee* and *Stephen A Onisko* **4**(2) 133–139
Environmental policy instruments for market and mixed-market economies *Nancy Kete* **4**(1) 5–18
Europe's ageing infrastructure: politics, finance and the environment *Barrie Houlihan* **4**(4) 243–252
Evaluation of the marginal outage costs in electric generating systems *R Billinton* and *R Ghajar* **4**(2) 155–164
Forecasting long-term natural gas supply capability *Carl Calantone* **4**(1) 77–82
From exclusive rights to access charges *Gareth Locksley* **4**(3) 223–228
Growth and efficiency *Colin Sinnott* **4**(2) 129–131
Inside the black box: a policymaker's guide to Shapley values and telecommunications cost allocations *Alexander C Larson* **4**(4) 303–308
Interconnection issues in UK telecommunications *Martin Cave* **4**(3) 215–222
Market failure in 'open' telecommunications networks: defining the new 'natural monopoly' *Lee L Selwyn* **4**(1) 21–30
Marketing impact on the natural gas industry *Carol Freedenthal* **4**(1) 65–71
Marketing natural gas after Order 636 *Stephen R Warwick* **4**(1) 83–85
Perspectives on interruptible electric tariffs *Todd Strauss* **4**(2) 165–172
Price discrimination: what is 'undue' for a US utility? *Christopher C Klein* **4**(4) 267–272
Privatization: price-capping and reliability *Rob Fraser* **4**(2) 121–127
Solutions to regulatory disincentives for utility DSM programmes *Eric Hirst* and *Eric Blank* **4**(2) 105–112
Structural deficiencies in electricity pricing in the pool *Nigel Lucas* and *Peter Taylor* **4**(1) 72–76
Supply quality and renewables: Integration in the Swedish grid *Anders Mårtensson* **4**(1) 33–45
Symposium on Access Pricing: Guest Editor's Introduction *Martin Cave* **4**(3) 179
The future of electric utility mergers in the USA *Jonathan B Welch* and *Marjorie B Platt* **4**(4) 253–260
The limitations of deregulation, Part B *Harry M Trebing* and *Michelle F Wilsey* **4**(1) 3–4
The Stockholm lighting programme *Brita Olerup* **4**(4) 273–284
Transportation charges in the gas industry *Catherine Price* **4**(3) 191–197
What constitutes a good integrated resource plan? *Eric Hirst* **4**(2) 141–153
With DSM, who needs IRP? *Garry E Vollans* **4**(4) 261–266
